## Gettysburg College Given 97 Reels Of Microfilm Of Abraham Lincoln's Papers

Gettysburg College has received a complete set of Abraham Lincoln microfilm, a gift from the Lincoln Sesquicentennial Commission, Washington, D. C.

The microfilm reproduction of the Abraham Lincoln papers in the Library of Congress consists of 97 reels on which more than 14,000 letters, drafts, speeches and other personal papers of the Great Emancipator are reproduced. The largest number of documents are letters addressed to Lincoln while he was President, but there are some documents dated as early as 1833 and a few as late as 1916.

The bulk of the Lincoln papers were presented to the Library of Congress in 1923 by the President's son, Robert Todd Lincoln. The documents were first opened to the public in 1947 under terms of Mr. Lincoln's gift.

### LETTERS FROM QUEEN

Among items of particular note are: Two holograph drafts of the Gettysburg Address, the letter of condolence written by Queen Victoria to Mrs. Lincoln, Lincoln's Autobiography, his "Farewell Address" at Springfield (Illinois, 1861), his first and second inaugural addresses, the first draft of the Emancipation Proclamation, and letters from most of the prominent statesmen and military leaders of the day.

Accompanying the microfilm is an index to the Abraham Lincoln papers, prepared by the Manuscript Division, Reference Department, Library of Congress. This 124-page bound index gives detailed reference to the 97 reels of microfilm.

The microfilm is now housed in the main college library. Eventually the gift will be housed in the newly created Civil War Institute Library on the campus.

Lloyd A. Dunlap, administrative officer of the Sesquicentennial Commission, in presenting the gift to Gettysburg College said:

"It is the hope of the commission that students, researchers and historians who avail themselves of the facilities of your library will find this filmed record of Lincoln's works of great interest and enduring value."

Congress enacted legislation in August, 1957, authorizing the Librarian of Congress to arrange microfilm and index the papers of 23 Presidents whose manuscripts are in the library. An appropriation to carry out the provisions of the law was approved in July, 1958, and operations began a month later.

The object of the microfilm and index set forth by the legislation is to inspire informed patriotism, to provide greater security for the original manuscripts and to make the Lincoln and other Presidential papers more accessible and useful to scholars and other interested persons.

## PROM PEANUT SALE TONIGHT

Members of the Gettysburg Junior and Senior Bands will conduct their annual Prom Peanut Sale beginning tonight. The peanuts which are raw but blanched and packaged sell two bags for one dollar. They are excellent for parties, snacks and peanut brittle. Instructions for preparing are on the back of the package.

This project, which is sponsored by the Band Parents' Club, is for the benefit of the uniform and equipment fund.

All members of the two bands are expected to report in uniform to the high school at 5:30 p.m. today for team assignments.

Beginning on Wednesday, peanuts will be sent out through the homerooms for sale in the rural areas. Persons desiring peanuts may contact any Junior or Senior high school student.

Last year the bands sold nearly a ton of peanuts to yield a profit of approximately \$400 for the use of the band. The campaign is under the direction of Robert Zeigler, band director, and Gilbert Eiker, Band Parent Club president.

## CORNERSTONE OF NEW SCHOOL IS LAID SUNDAY

Official cornerstone laying ceremonies at the new Littlestown Junior-Senior High School building, fronting on Maple Ave. in the Rolling Acres section of the community, were held on Sunday afternoon. Approximately 300 invited guests and patrons were in attendance.

Dr. Kenneth B. Waterbury, Bureau of School Building, Division of Records of the Department of Public Instruction, Harrisburg, was the speaker. Dr. Waterbury extended congratulations to the school board, the authority board, the county office and to all who did the preliminary work of planning the new school structure.

He said: "Every child has a constitutional right to an education and to a properly equipped building for teacher and pupil. The teacher is of most importance in helping with this education and a good teacher in a fine building does a better job."

"Pennsylvania has the biggest school building program in the nation, expending over a billion, 300 million dollars. The national outgo for education is comparable only to the amount spent for the pleasures of tobacco and liquor."

The speaker quoted Jefferson, who stated that "a nation cannot be ignorant and free at the same time" and noted that "public education is a safeguard for democracy, a safeguard for freedom and for individual opportunities. There is no such thing as an average child. Each one is a different individual and needs a place in the world and to make the best contribution possible. Science in education alone does not have the answer to everything. It is the combination of the humanities in the control of science that helps to answer the questions and the development of both the sciences and the humanities in education is important."

Dr. Waterbury in his concluding remarks said to youth: "Take advantage of parents have faith in you and the least you can do to repay them is to study and to learn."

The program opened with a prelude by the Littlestown High School Blue Band under the direction of Paul A. Harner. Paul E. King, supervising principal of the Littlestown Joint School System, welcomed the assembly and, prior to recognizing the heads of the various local organizations, said the "school authorities solicit

## Boy, 14, Recently Freed From Institution, Stabs 5-Year-Old Girl 11 Times

PHILADELPHIA (AP) — Police quote a 14-year-old boy as saying he got "a shock, like sticking your finger in an electric socket," when he critically stabbed a 5-year-old girl with a small knife as she kicked and screamed at his attempts to molest her.

The girl, Sally Ann Hayward, was reported still in critical condition today but improving after a five-hour operation at Mercy-Douglass Hospital. She suffered a stab wound of the chest and nine puncture wounds of the abdomen. Her left cheek was slashed from the forehead to the chin.

Her alleged assailant, Leo Reilly Jr., was charged with assault with intent to rape, kill and ravish and aggravated assault and battery by knife. Authorities said the girl had not been raped.

### ENTICED FROM PLAYGROUND

Detectives said Sally Ann was enticed from a playground in the center of the housing project where she lived at dusk Saturday by Reilly who promised her candy.

Officers quoted Reilly, released last August from a home for boys after serving a year for aggravated assault and battery by stick, as saying he carried the child inside a dark basement of a nearby home. Sally kicked,

### CHECK ON ACCIDENT

State police today were continuing an investigation into an auto accident occurring Sunday night. Police reported finding a wrecked car in a field near Fairfield, but were unable immediately to locate the driver or to determine whether anyone was injured.

### WIFE OF PASTOR'S Brother Is Killed

Karl Dorsey, Minden, La., brother of the Rev. Arbe J. Dorsey, pastor of the Heidersburg U.B. Church, Gettysburg R. 4, was injured in an accident in which Karl Dorsey's wife, Shirley, aged 30, and their son, Bradford, aged 11 months, were fatally hurt. The crash occurred in Chattanooga, Tenn., last Wednesday.

News reports from the Tennessee city said that another car carrying six Negroes careened off a truck and struck the Dorsey machine. All of the Negroes were killed.

### LEAVES HOSPITAL

Miss Rita King, daughter of Mr. and Mrs. Floyd J. King, 68 W. Middle St., was discharged Sunday from the Harrisburg General Hospital where she had been admitted September 25 with some symptoms of polio. Tests there proved negative and the girl, a student at Wagner College, Long Island, N. Y., was allowed to come home to the home of her parents. She expects to return to college soon.

### TIED ANKLES, WRISTS

Reilly was quoted as saying he tied her ankles and her wrists with a clothesline he found in a laundry adjoining the basement.

Late Saturday night, Sally, reported missing by her mother, Mrs. Doris Hayward, 29, was found in a corner of a wooded storage bin.

Asahmed of her nakedness, she whimpered: "A boy did it. . . a boy as big as my mommy."

Juvenile Aid detectives said they were led to Reilly by Francis Knoll, 14, who told police he had seen the accused, whom he knew, enter the basement with a little girl.

### TRY TO SCRATCH BOY

When police placed Reilly in a car he sat with his hands tied in his arms. Some of the residents tried to pull the boy from the auto but officers drove away without incident.

A blood-stained half slip found on the playground, another garment found on the sidewalk outside cellar steps and shoes found at the foot of the steps led the

searchers to Sally Ann.

## RUBBER HEEL PLANT CLOSES BEFORE JAN. 1

Gettysburg will lose one of its industries within three months, perhaps before January 1, when the Victor Rubber Corp. (rubber heel) will close out and move to the Hagerstown Rubber Company at Hagerstown.

Harold Reynolds, general manager of the local company, said this morning that 15 of its 105 employees were laid off last Friday, the first of a series of layoffs until the plant is closed. He said a "flood of Japanese imports in the stitch down industry, with which we are concerned" has caused a decline that "compelled closing down this plant and operating one plant in Hagerstown."

He also said "price cutting" and "shrinkage of profits" were contributing factors in the close down. The Hagerstown firm purchased the Victor Products Corp. from R. M. Hoffman January 1, 1959. Mr. Hoffman retained the building and the building was leased by the new owners for five years. Mr. Hoffman said this morning that he will not operate the business, nor open a new business in the present building.

The rubber heel plant was under Hoffman's management for 33 years. It thrived throughout its lifetime and employed at one time approximately 150 men and women. Some of the present employees have been associated with the business since the Hoffman regime.

Last Saturday some of the rubber heel molds were shipped to Hagerstown.

Reynolds said that with the two plants, Hagerstown and Gettysburg, facing declining business "it was only practical to merge operations in one plant, instead of two half-time plants."

## MISS KINT IS WED SATURDAY TO R. M. WETZEL

Miss Judith Ann Kint, daughter of Mr. and Mrs. Leroy King, Gettysburg R. 3, became the bride of Robert McBeth Wetzel, son of Mr. and Mrs. R. Bruce Wetzel, Biglerville R. 2, in the Mt. Calvary EUB Church Saturday afternoon at 2:30 o'clock.

The double-ring ceremony was performed by the Rev. Alfred K. Gotwalt. The altar was decorated with mixed fall flowers, and the pianist was Mrs. Fred Swisher, aunt of the groom.

The bride, given in marriage by her father, wore a tulle and lace gown, with a fitted bodice and a V neckline with sleeves ending at the fingers. The skirt was covered by an over-skirt of chiffon. Her shoulder length veil fell from a crown of seed pearls, and she carried a white Bible topped with pink and white roses. Her only jewelry was a pearl necklace.

The maid of honor, Lake H. McPint, tulle dress with net covering and cap sleeves, with matching pink hat and gloves. She carried a bouquet of fall flowers. Debra Kint, flower girl, wore a white nylon dress with green trim, a white headpiece and a nosegay of yellow and white mums.

Sterner said he had "roughly" counted his money and had about \$85 in his pocketbook when he gave \$15 to Miss Albright prior to a trip in a car. He said on the return Miss Albright went to her car, and he, getting out of his vehicle, found his pocketbook missing. He said no one else was in the car. By RELMAN MORIN  
UNITED NATIONS, N.Y. (AP) — The United Nations awaited Premier Khrushchev's next appearance before the General Assembly, probably tonight, after hearing him say once more, "We shall never start a war."

Khrushchev made the statement Sunday night on a television and radio interview, "Open End," in New York.

The Soviet premier said he is going home Thursday. In the next four days he is expected to take every opportunity to further publicize the many proposals he has advanced, formally and informally, since he came to the Assembly, three weeks ago.

### TOP PROPOSALS

They include reorganizing the U.N., replacing Secretary-General Dag Hammarskjold, admitting Red China, another summit conference, a plan for disarmament, and a special session of the Assembly — meeting somewhere in Europe, not in New York — to discuss disarmament.

### 3 SERIOUSLY HURT IN CRASH ON SATURDAY

Three persons were seriously injured when two cars collided two miles east of here on the Lincoln Highway at 6:20 o'clock Saturday night.

State police said the accident occurred when Martin R. Cruz, 31, of Hammonton, N. J., and York sought to pass another eastbound car on the three-lane highway. Cruz' vehicle, according to police, continued on into the west-bound lane and struck a car operated by Leslie L. Curvin, 69, Dallas, Tex.

Damage was estimated at \$1,800 to Cruz' auto and \$500 to Curvin's car.

TAKEN TO HOSPITAL  
Cruz suffered lacerations of the face and scalp, a fracture of the nose, lacerations of the upper lip, a fractured chest plate, a compound fracture of the left elbow, lacerations of the left leg and contusions and abrasions of the entire body.

State police said another accident occurred at the same spot while the officers were directing traffic around the two wrecked cars.

Flares were placed on both sides of the road on both sides of the wreck and a one-way traffic system was set up around the scene of the crash.

Westbound traffic was being halted to permit eastbound traffic to move around the scene of the accident, police said, when Viola M. Schachle, 29, Gettysburg R. 4, failed to notice that Joseph F. Chalkers, 35, Westminster, Md., had stopped his station wagon to permit the oncoming traffic to clear and her car smashed into the rear of the station wagon, causing \$90 damage to her vehicle and \$50 damage to the Westminster vehicle.

Burgess Wilbur L. Plank and Chief of Police Jack Bartlett were conferring today on arrangements to provide policing for the Halloween parade here later this month.

This evening the safety committee of council is scheduled to meet to consider recommendations to be made at the special session to be called prior to the Halloween parade.

Burgess Plank said he felt some method might be worked out today to permit approval of the parade because "council is doing all it can, but these things take time. We will probably have to use some type of emergency set up to permit the parade. We cannot permit a difficulty arising from a conflict in laws to prevent the children and people of the community from enjoying their annual Halloween parade."

## "TRUE WEALTH"

Most people seem to overlook . . . the treasures they possess . . . seldom do they realize . . . the beauty of their dress . . . and so they seek to gather in . . . the things beyond their reach . . . yes, mankind for the most part . . . walks a barren beach . . . this urge to capture far-off things . . . leads many souls astray . . . for hearts that won't be satisfied . . . will always know dismay . . . now I don't say that we should stand . . . forever in one place . . . I only say appreciate . . . the blessings we embrace . . . a man who has a wife, a child, a steady job to do . . . is richer than a millionaire . . . because his wealth is true.

Authority, officiated for the cornerstone laying, and in explaining the significance of the ceremonies, said: "It means the purpose of the building has been decided upon, the land has been purchased, all funds have been raised, the architect has completed his design, the foundation has been laid and upon this foundation the superstructure will be erected."

He also said that "on an occasion such as this, it is customary to lay in the cornerstone something for posterity."

The items prepared by school officials to be placed in the cornerstone were listed by Supervising Principal King as follows: Adams County public school directory, 1959-1960; school laws of the state of Pennsylvania, 1957, with all supplements thereto; a commemorative stamp honoring the teachers of America, issued in 1957; a photostatic copy of the bond amortization schedule; a photostatic copy of the approval from the Department of Public Instruction; a picture of the ground breaking ceremonies on April 4, 1960; a copy of the school yearbook, the Littonian, 1960; a copy of the school newspaper, The Littonian Echo, May 27, 1960, and a current issue of a local newspaper.

The items were cemented with the cornerstone by Mr. Bankert after which workmen on the scene

pushed the stone in position. The ceremonies concluded with the "Star Spangled Banner" by the band and benediction by the Rev. Mr. Jones.

Today's Talk

**POWER IN THE QUIET MIND**  
I believe that only a very small number of people realize the power of the quiet mind, yet its possibilities are boundless.  
Be kind to that body of yours and you will reap an abundance in health and happiness. A noted trainer of athletes once said to me that it was amazing how the body reacted to just a little kindness.  
The older I get the more I live in wonder over what this body of mine does in the way of repairs and substitution. Take an injury in one part of the body and reserves act quickly to help out. Thousands of people would add years to their lives if they only kept their arteries in good condition.  
As time advances the organs that have labored so faithfully over the years need kindness and understanding to help them out. A cheerful outlook on life, and patience during the difficult hours give one every good chance to bid for a long life, and a useful one.

The nerves will quiet—if you will let them! Nature is always ready to cooperate with all other organs of the body.  
Let us have courage and the happy heart—and a better understanding with our fellow man!  
Tomorrow Mr. Adams will talk on the subject: "Man Proud of His Heritage."

**Out Of The Past**  
From the Files of the Star and Sentinel and The Gettysburg Times  
ONE HUNDRED YEARS AGO  
The Two Principal Ideas: We have no doubt but that a large portion of the people are daily becoming more convinced of the truth of the sentiment put forth by the Ohio Statesman that "negro equality and irrepressible war upon the 'Slave States'" are the two principal ideas of leading Republicans, however much they may seek to disguise or deny their true character. It is on this ground the battle has to be waged, and the only safe leaders for the people in such a contest must be National Union Men.

Our Clever Postmaster: Mr. Geyer, has been unusually successful with his grapes and pumpkins the past season. His grape crop has yielded him 24 gallons of wine, and one of his mammoth pumpkins measures 4 feet by 4 feet 6 inches in circumference.  
Mr. George F. Eckenrode who keeps the restaurant in Jacobs' placed upon our table, the other day, a large and plump Pheasant, which was really delicious "too good to talk about." Whilst we tender him our thanks, we may also mention that he generally keeps game in season, besides oysters, etc., all done up in the choicest styles.  
The Prince Of Wales In Philadelphia: The Prince of Wales and suite arrived in Philadelphia, on Tuesday. A grand entertainment was given at the Academy of Music in honor of his presence. He was at Washington the week before, where he was entertained in a manner suitable to his position.

**Just Folks**  
**WE CHEERFUL FELLOWS**  
There are men who do the great deeds,  
There are men to lead the way,  
But you need not sit and whimper  
That you are not on top today,  
For the world's in need of kindness,  
And the world is in need of cheer,  
And the world is in need of laughter,  
Oh you can be useful here.  
It may be that men outclass you  
On the battlefield of life,  
And that earthly fame and glory  
Fall to others in the strife,  
But the world's in need of patience,  
It's in need of soldiers true,  
And it wants a cheerful toiler  
Just about the size of you.

All the great deeds are not heard of,  
All the great men are not known,  
There are many gallant heroes  
That are plodding on alone.  
Heroes doing deeds of kindness,  
As they sing along their way,  
They're the brave and cheerful fellows,  
You can join their band today.

Between Akron and Alabama a tie was wedged across the track. The engineer stopped the train in time to prevent damage. It is thought this was the third attempt of Indians to secure revenge for a drunken Indian who was killed last year, and for whom they had never been able to get damages.

ADVERTISE IN THE TIMES

BOTH PARTIES ARE BUSY IN THIS STATE

By THE ASSOCIATED PRESS

A Republican - raised soft-on-Communism charge confronted Pennsylvania Democrats today as they rolled out the welcome mat for another campaign visit by Sen. John F. Kennedy.

The issue of Communism popped up for the first time in the state campaign at a meeting of Republican leaders and 28 representatives of 13 nationality groups here Sunday.

OUTLINE TV PLANS

Afterward, State GOP Chairman George I. Bloom and Otto F. Messner, chairman of the American Nationalities Division in Pennsylvania, put out a statement outlining a television-radio campaign planned between now and election day Nov. 8 to drum up support for the Republican national ticket among nationality groups.

The two said it was decided "to make maximum use of television to show films depicting the advances made by Communism in Europe and Asia as a result of policies adopted by the Roosevelt and Truman administrations."

KENNEDY COMING

Bloom said, "we want the people of Pennsylvania to see just what happened under the soft policies of the Democrats and what would most certainly occur again should they gain control in Washington."

The Republican chairman said the representatives of the nationality groups promised to work hard for the election of Vice President Richard M. Nixon, the GOP presidential candidate, and his running mate, Henry Cabot Lodge.

Kennedy, the Democratic presidential candidate, was scheduled to resume his campaign in the Keystone State with a speech tonight to a conference on urban problems at Pittsburgh.

The Massachusetts senator gets in more campaigning for the state's 32 electoral votes Saturday in western Pennsylvania. His stops will be at Sharon, New Castle,

Beaver Falls, Butler, Kittanning, Indiana and Johnstown.

OTHER TOP SPEECHES

Democrats also scheduled campaign speeches by other top party leaders during the week. The program, announced by State Chairman John S. Rice, follows:

U. S. Sen. Edmund S. Muskie, former governor of Maine, addresses Bradford County rally today at Athens; Gov. James H. Edmondson of Oklahoma addresses a Lawrence County fund-raising dinner in New Castle Friday; and former Congressman Franklin D. Roosevelt Jr., son of the late president, speaks to Clinton County Democrats in Lock Haven Saturday.

Mrs. Joseph P. Kennedy comes to Pennsylvania Thursday to stump for her son. In three days she will speak to women's rallies in Williamsport, Bloomsburg, Easton, Reading, Harrisburg and in York.

WARNS OF REPORTS

In another weekend development, Bloom urged Jewish citizens to be wary of reports he said are being circulated that Nixon and Lodge are anti-Semitic. He said both political parties are being victimized by such talk, adding:

"It is of utmost importance for our Jewish citizens to ignore the false rumors and whispering campaigns and to become fully acquainted with the truth in judging the merits of the candidates offered by both political parties for president and vice president."

## Yankees Remain Favorites After Come-back Victory By Bucs Sunday To Even Count

By JOE REICHLER  
Associated Press Sports Writer  
NEW YORK (AP)—It is hard to believe that the Bouncing Bucs, so thoroughly humiliated by two successive one-sided defeats, were all even today with New York Yankees at two victories apiece in the best-of-seven series for the world championship.

It is even harder to believe that the same pitiful Pirates of two days ago, who apparently were on the way to four straight lickings following their opening game triumph, actually are in better shape than their Yankee tormentors.

True, the odds-makers continue to make the Yankees a strong 9-5 favorite to capture the Series despite the Pirates' comeback 3-2 victory before 67,812 Yankee Stadium fans. New York is an 8 to 5 choice to win today's fifth game. But the odds-makers are not reckoning with these hard, cold facts:

**GIVE HADDIX EDGE**  
1. The Pirates must be conceded an edge on the mound today with their veteran southpaw Harvey Haddix, an 11-game winner during the regular season opposed by rookie right-hander Bill Stafford, who had a 3-1 record following his promotion from the Yankees' Richmond farm last summer. Pittsburgh still has the edge even if Casey Stengel switched to Art Ditmar, as he indicated he might. Ditmar failed to last an inning in the first game.

2. No matter what happened today, the Pirates were assured of returning to Forbes Field, where they've won 52 of 77 regular season games this year, for the sixth game on Wednesday. And should the Series go all the way, the deciding game also will be played in the Pirates' home den on Thursday.

3. The Pirates appear in much better shape for pitching during the balance of the Series. They have Bob Friend, their 18-game winner, primed for the sixth game. Friend was fairly effective in the second game before bowing out for a pinch hitter in the fourth inning. If a seventh game is needed, Vern Law, who has turned in both Pittsburgh victories undoubtedly will try to become the first three-game winner since Lew Burdette tamed the Yankees in 1957.

### ALLIED TYPICAL BUC WIN

If Ditmar fails to see action today, he is the likely choice for the sixth game with Whitey Ford probably getting the nod over right-hander Bob Turley in the possible seventh and payoff meeting. Ford, the brilliant left-hander, who blanked the Pirates Saturday, has never won a Series game away from home, losing all three decisions.

Murtaugh said Pittsburgh's heart-in-the-mouth victory Sunday was "typical" of his team. The Pirates got good pitching, good defense and earned their runs the hard way—by scratching and clawing and causing the opposition to make mistakes.

"The game we play the day before doesn't mean a thing to us," he said, referring to Saturday's 10-0 shellacking (there was also that 16-3 defeat in the second game). "We've been counted out a half dozen times but we've always come back."

### BRILLIANT DEFENSE

The Pirates got the good pitching from starter Law and from reliever Elroy Face. They got brilliant defensive play from center fielder Bill Virdon and third baseman Don Hoak. They got timely hitting from Law and Virdon. But the biggest help to them were a couple of Yankees—Bill Skowron and Bobby Richardson. The pair was responsible for half the Yankees' eight hits and both their runs but their mistakes in the field paved the way for the Pirates' runs.

It all happened in the fateful fifth inning. Gino Cimoli, playing in place of the injured Bob Skinner, singled for the first hit off

## SPRINGFIELD WINS AGAIN

By THE ASSOCIATED PRESS

It was beginning to look today as though the Springfield Indians, defending American Hockey League champions, never will lose a game.

The power-packed Indians rolled to their third straight victory Sunday night when they whipped the Buffalo Bisons, 5-3, with Bill McCreary scoring two goals and assisting in another.

At that, it was a moral victory for the Bisons, for their three goals represented three-fourths of the total goals the opposition has been able to send into the nets against the Indians.

Barry Cullen, Phil Maloney and Gary Bergman were the Buffalo scorers.

In other games, the Providence Reds registered their first victory of the campaign, a 9-2 slaughter of the Quebec Aces, and the Rochester Americans trimmed the Hershey Bears, 4-1.

Ralph Terry.

Smoky Burgess followed with a slow grounder toward first. Skowron grabbed the ball close to the bag and tried for the force but Cimoli beat the throw. So, instead of there being one out and a runner on second, there were two on and nobody out.

### LAW'S DOUBLE BIG ONE

Hoak, ordered to sacrifice, elected to push a bunt past the pitcher but sent a low popup to Richardson instead. Since a bunt is not an infield fly and therefore not an automatic out, Richardson could have trapped the ball and turned it into a double play. But the second baseman decided to catch it instead.

After Bill Mazeroski popped up—this was an infield fly and an automatic out—Law banged a double to left scoring Cimoli. Virdon followed with a Texas League single over the infield to score Burgess and Law with the second and third runs.

This stood up all the way despite some anxious moments in the seventh and ninth.

### SKOWRON HOMERS

The Yankees were trailing 3-1 in the seventh when Skowron, whose home run in the fourth had given his team a temporary 1-0 lead, slammed a one-bounce double into the right field stands. Gil McDougald singled to right but Skowron had to hold up at third when Roberto Clemente made a true throw to the plate.

Richardson, who had already doubled and singled, missed a squeeze bunt attempt then bounced into a force play at second. Skowron scoring. Pinch hitter Johnny Blanchard singled Richardson to second and Murtaugh summoned Face from the bullpen.

### SPECTACULAR CATCH

The brilliant reliever threw Bob Cerv a fast ball and the bemused outfielder whaled it to deep right center. Virdon, racing toward the bleachers, made a spectacular running, leaping catch, holding the ball despite a hard fall on the cinder path at the foot of the wall. Richardson ambled to third after the catch but was left there when Face tossed out Tony Kubek.

The little right-hander retired the next six batters but received another scare in the ninth. Skowron, leading off the last inning, first missed a homer with a long drive to right that curved foul at the last moment, then smashed a sizzler inside third. Hoak made a brilliant stab and threw him out.

## Series Shorts

BY BEN OLAN

Associated Press Sports Writer  
NEW YORK (AP)—Figuring the series:

Roger Maris of the Yankees, who had four hits in his first five times at bat, now has been hitless in his last 11 trips to the plate in this series and his batting average has tumbled to .250.

The last time before Sunday that Pittsburgh won by a 3-2 score was on Sept. 22 against the Cubs. The Pirates pitchers in that game were Vernon Law and Roy Face, the same two who combined to square the series Sunday.

By driving in a run in the seventh inning, Bobby Richardson of the Yankees moved to within one of the series RBI record of 10. The mark is held by Yogi Berra of the Yankees and Ted Kluszewski of the White Sox.

Southpaw Harvey Haddix, today's probable Pittsburgh pitcher, gave up 13 homers during the regular season, 12 to right-handed batters. He pitched only four complete games in 28 starts, walking 38 and striking out 101.

Mickey Mantle of the Yanks has struck out seven times. The record for a 6-game series is nine strikeouts by Jim Bottomley of the Cardinals in 1930 and for a 7-game set it's 11 by Eddie Mathews of the Braves in 1958.

By collecting only eight hits on Sunday, the Yanks' team batting average tumbled 36 points to .361. The Pirates are hitting .239.

The Pirates have made only one error in 145 chances for a .993 fielding mark. The Yanks have misused four times and have a .975 average.

## PENN STATE TO TEST MIGHT OF TOUGH ORANGE

By ED CORRIGAN

Associated Press Sports Writer  
Is Syracuse, the powerful defending national football champion heading for a fall?

For two weeks now, Ben Schwartzwalder's outfit has found the going rough.

Against Kansas, the Orange won by one touchdown, 14-7. There was some cause for that. The Jayhawks are a good club, capable of winning the Big Eight championship.

### PENN STATE NEXT

Last Saturday, Syracuse barely stumbled past winless Holy Cross, 15-6.

Directly ahead is Penn State, perennial Eastern power and apparently just beginning to find itself. The Nittany Lions rebounded from a defeat by Missouri to whip Army, 27-16, Saturday.

If Penn State plays like it did against Army and if Syracuse plays like it did against Holy Cross, Schwartzwalder's behemoths are in for trouble.

### SYRACUSE AND ARMY

After Penn State, Syracuse' only big problem appears to be Army on Nov. 5.

Mississippi, No. 2 behind Syracuse in the current Associated Press poll, has no great problem in Tulane this week. Ole Miss swept past Vanderbilt in a Southeastern Conference game Saturday, 26-0, but Vandy already had been beaten twice.

More significant than Mississippi's third victory was the downfall of three other pretenders to Syracuse's throne—two in the Big Ten and one in the Southwest Conference.

### BOTH LOSE

Both Illinois and Purdue, rated Nos. 4 and 7, respectively in the AP poll, were well beaten. Ohio State, No. 5 humiliated Illinois, 34-7, and Wisconsin clobbered Purdue, 24-13.

That makes Iowa, No. 3 and a 27-15 victor over Michigan State, and Ohio State the favorites for the Big Ten title. They meet on Nov. 12. Iowa takes on Wisconsin this week and Ohio State is at Purdue.

### NAVY AND AIR FORCE

Arkansas, which had been rolling along as the strong favorite to win the Southwest Conference title, fell before Baylor, 28-14. Arkansas faces another roughie in Texas this time around, while Baylor plays Texas Tech. The following week Texas gets its shot at Baylor.

Navy, No. 6 in the poll, stopped Southern Methodist, 26-7, and has a date with the Air Force Academy this week. The Fly Boys lost to Missouri, 34-8, Saturday. Clemson, No. 8 and the top candidate for the Atlantic Coast Conference title, coasted to a 21-7 triumph over Virginia, while Kansas No. 10, trounced Iowa State, 28-14.

## Canners Retain Perfect Record By Outclassing Cumberland Valley 28-7

Biglerville High School, sporting one of the few perfect football records in the area, chalked up its fifth straight victory Saturday night by rolling over Cumberland Valley 28-7 at New Kingstown.

Jack Emanuel's Cannery were in command all the way after scoring early in the opening period.

On the opening kickoff Biglerville recovered a fumble on the Eagles' 21-yard line and five plays later registered its initial touchdown. Ronnie Wagner picked up eight yards in the key of the drive and on the next play Keith Martin scampered over on a pitch-out. Perry Mickley place-kicked the first of his four extra points.

Cumberland Valley retaliated with a drive that moved the ball to the Cannery's 30 but at that point the Biglerville defense rose up and on three straight plays the Eagles lost 21 yards. Jake Wagner punted short with the ball stopping on the Biglerville 34.

### WAGNER GOES OVER

Wright shot through the middle for 28 yards and Wagner added eight more for the Cannery as the quarter ended. Seven more plays took the ball to the CV five-yard line from where Wagner plowed through the right side for the score.

Carl Hess, Biglerville center, pounced on a fumble by Keith Stoughton on the Eagles' 30 to open the way for another Cannery score late in the second frame. After the next play lost five yards, Wright tossed a pass to Dick Boyer on the Eagles' 12 from where he raced over. When Mickley booted the point Biglerville led 21-0 at intermission.

### HESS RECOVERS AGAIN

In the third period Hess made his second fumble recovery to provide the Cannery their fourth and final touchdown. He recovered on the Eagles' 38. A 15-yard penalty for roughing the passer set CV back on its 21. Bruce Parker got two yards on the next play and then Wagner turned in a fine run by breaking through the line, cutting to his left and racing 15 yards before being hauled down. On the next play Wagner smashed through the middle from the four-yard line to score.

Cumberland Valley, taking advantage of the presence of a flock of Biglerville reserves, finally broke into the scoring column late in the last stanza. After stopping Biglerville on the 23, the Eagles drove 77 yards for a score. A pass to Merv Potteiger ate up 42 yards to put the ball on the Cannery 35. Coldren scam-

## GROAT SERIES HITTING POOR

By JOE BRADIS

Associated Press Sports Writer  
NEW YORK (AP)—Scrappy Dick Groat, the National League batting champion, is finding few base hits in Yankee Stadium.

Could his wrist still be bothering him or is it Yankee Stadium, with its difficult hitting background?

"The wrist? There's nothing wrong with the wrist," replied the Pittsburgh Pirates' shortstop and team captain who had a regular season batting average of .325.

### "DON'T KNOW"

"I've hit in other ball parks but I just haven't hit the ball the last few days," he replied. "I don't know what is wrong."

Groat, a fierce competitor, was hit on the left wrist on a tight pitch by Lew Burdette of Milwaukee on Sept. 6.

He insists the injury has healed although the wrist still stiffens overnight and he takes whirlpool treatments when he arrives at the ball park each day.

**BOTHERS STUART**  
But how about that notoriously troublesome background for hitters at Yankee Stadium?

Dick Stuart, the Pirates' first baseman and leading home run hitter, admits the white shirts and sunlight bother him.

"I hit a ball the other day I didn't even see," said Stuart.

Groat admitted the background bothered him Sunday when he was 0-for-4. But he added he saw the ball perfectly Saturday when he also was 0-for-4. His three hits in 16 at bats for a .188 series average came at Pittsburgh.

### NFL Attendance Tops Rival Loop

By THE ASSOCIATED PRESS

The National Football League averaged over 37,000 fans a game for its six weekend contests compared to an 18,000 average for a trio of clashes in the New American League.

The largest NFL turnout was the 49,825 who clicked the turnstiles at Detroit for the Lions-San Francisco game Sunday while 47,776 saw Los Angeles at Chicago. The senior circuit total for the day was 224,917.

An estimated 21,000 turned out at Dallas for the Oakland-Texans AFL game with 55,377 attending the three games.

pered 14 yards before a passing interference penalty advanced the ball to the 10. On the second play Coldren passed to Potteiger on the three from where he crashed over. Potteiger also booted the point for the final score of the evening.

Biglerville goes after its sixth straight win Friday night when the Cannery host York Suburban.

## WEST CHESTER KEEPS WINNING TITLE GROUND

By THE ASSOCIATED PRESS

West Chester, minus Glen Killinger and Bill Shockley, seems destined to continue successfully under the new regime of coach Jim Bonder.

The Rams Saturday trounced State College Conference rival Millersville 42-0 for their fourth victory without defeat. Now, they seem headed for the conference's Eastern Division title and playoff with the western champion, most likely Lock Haven.

Under the tutelage of Killinger, West Chester was amazingly successful for years, especially in 1957, 58 and 59 when Bill Shockley, now with the New York Titans, was the mainspring of their attack.

### 4TH FOR LOCK HAVEN

When Killinger retired he picked his long-time assistant, Bonder, to take over. West Chester had been winning but sputtering somewhat until Saturday when Jim Pribula, a halfback, romped for five touchdowns. It was the first game in which Pribula was playing without hampering injuries.

Lock Haven, meanwhile, won its fourth straight, 20-6 over Clarion with veteran Ron Puhl accounting for 133 yards rushing. Still contenders are Slippery Rock (27-14 conqueror of Waynesburg) in the west, and Bloomsburg (20-14 over Cortland in the east).

### LEHIGH NEARS TROPHY

Other top-notch team performances were:

Albright, 34-6 over Drexel, to remain on the trail of its second successive Middle Atlantic Conference Northern College Division title. Gary Chapman threw passes of 71 and 20 yards and ran for another himself.

Lehigh, 52-21 over Gettysburg, continues as one of the favorites for the Lambert Cup, Symbolic of eastern small college supremacy. Quarterback John Highfield duplicated Chapman's performance. Bucknell, 41-0 over Buffalo, showed it may have come of age under coach Bob Odell and must be considered an MAC University Division contender.

### OTHER HIGHLIGHTS

Penn State's 27-16 upset of Army was a major surprise and marked the Nittany Lions as a team that on any given afternoon can cause major powers—such as next Saturday's opponent, Syracuse—a lot of headaches. Jim Kerr scored twice on runs and once on a pass from Galen Hall for the Nittany Lions.

Joe Denone passed for two TDs and scored the other himself in Geneva's 20-8 victory over Southern Connecticut; Stroudsburg, which hadn't beaten Shippensburg in nine years, or scored against Shippensburg in the last three, romped 48-7 for a measure of revenge; Pitt finally won one, 16-7 from Miami, and Penn saw its hopes of a second consecutive Ivy League title vanish in its 21-0 loss to Princeton, the second defeat in league play for the Quakers.

## BLANDA LEADS HOUSTON TO FIRST PLACE

By CHARLES H. GREEN

HOUSTON, Tex. (AP)—The Houston Oilers are in first place in the Eastern Division of the American Football League after a death-martred 27-21 victory over the New York Titans Sunday.

Titan guard Howard Glenn, 25, died of unknown causes shortly after the game. An autopsy was ordered.

The Oilers scored twice on runs by Billy Cannon and Charley Tolar and again on a six-yard pass from George Blanda to Jack Atchason.

### LEADING SCORER

## ARENDSVILLE TAKES OPENER IN PLAYOFFS

Arendtsville, defending champion, got a superb pitching performance from Dick Pitzer and blanketed Cashtown 3-0 at Arendtsville in the first of the three-game series for the playoff championship of the South Penn Baseball League Sunday afternoon.

Pitzer allowed but one hit, Singley poling a single to right field with one out in the top of the eighth. He fanned seven and walked five.

"Skip" Fisco, Cashtown hurler, also turned in a good performance in allowing seven hits and fanning six while walking four.

The game was snappy and well-played throughout. Pitzer and H. Spence each rapped a pair of hits for the winners.

Next Sunday, the second game of the series will be played at Cashtown.

## INJURY ENDS BALLY ACHE TRACK CAREER

By THE ASSOCIATED PRESS

The fabulous racing career of Bally Ache, a 3-year-old for whom a syndicate paid \$1,250,000 last Spring, has ended. And Laurel is looking for another American horse for its \$100,000 Washington, D.C. International on Nov. 11.

Bally Ache, heir apparent to the divisional title, broke down during the running of a tune-up race last Saturday for Hawthorne's \$100,000 Gold Cup. The Gold Cup is scheduled for this Saturday.

X-rays showed no bones were broken but trainer Jimmy Pitt said the son of Ballydam "undoubtedly is through racing." Pitt described the injury as an odd and severe dislocation of the ankle.

The injury to the colt for whom Leonard Frutchan of Ohio paid \$2,500 as a yearling was the big racing news over the weekend.

Elsewhere in the feature races, the Argentine-bred Don Poggio won the \$56,700 Manhattan Handicap at Belmont Park. April skies took the \$7,500 Inaugural Handicap at Narragansett Park a few hours after being purchased for \$50,000 by Jerry Derezio of Needham, Mass. Little Fitz captured the \$17,700 Fayette Handicap at Kenneland's opener. On His Metal won the \$38,975 Hawthorne Juvenile and how now ran his earnings over the \$300,000 mark with victory in the \$10,850 San Francisco Handicap at Tanforan, and Undulation took the \$29,950 Jersey Belle Stakes for 3-year-old fillies as Garden State Park opened its fall meeting.

It was the second Sunday that a midtown area had been rocked by a bomb blast. Last week seven persons were injured when an explosion shook the Times Square area, a few blocks away.  
Police said the bombings were similar and occurred at almost the same time—shortly before 5 p.m.

## COLTS LOSE TO MAKE 4-WAY TIE IN LEAGUE

By MIKE RATHET

Associated Press Sports Writer

The rebuilt Green Bay Packers, molded into a title contender by Vince Lombardi, have struck the first blow against the kingly Baltimore Colts in a determined bid to bring the smallest city in the National Football League its first championship since 1944.

The Packers parlayed a pair of pass interceptions by Hank Gremminger and two fumble recoveries into four touchdowns and shocked the two-time champion Colts 35-21 Sunday.

Lombardi, 47, former New York Giants' assistant who was one of the "seven blocks of granite" at Fordham University, became the Packers' coach and general manager after the dismal 1958 season in which Green Bay won only one game.

4-WAY TIE

The Packers now are in a four-way scramble for the lead in the West with Baltimore, Chicago and San Francisco—all with 2-1 records.

The Bears' Ed Brown tossed three touchdown passes in a 34-27 victory over Los Angeles while San Francisco edged the Detroit Lions 14-10 on an 18-yard pass from John Brodie to R. C. Owens as the final gun sounded.

The New York Giants beat the Pittsburgh Steelers 19-17 on a last-minute 44-yard TD pitch from Charley Conerly to Frank Gifford for the winner. The Steelers had pushed in front 17-12 on a 30-yard Bobby Layne to Buddy Dial TD strike and Bert Rechichar's field goal.

WASHINGTON WINS FIRST

Philadelphia whipped St. Louis 31-27 and Washington won its first 26-14 over Dallas in other games.

In the American League, Houston moved into first place in the Eastern sector with a 3-1 record by beating the New York Titans 27-21. Oakland squeezed by Dallas 20-19 and, in a Saturday night contest, Boston trounced favored Los Angeles 35-0.

Brown's third long TD toss, a 52-yarder to Angelo Coia put it out of reach when the Rams struck back in the second half after the Bears had built a 27-6 lead. Brown, who also tallied once, connected with John Morris for 45 and 66-yard scoring aeriels. Rick Casares supplied the ground attack and bettered Bronco Nagurski's all-time Bear rushing record by ramming 78 yards for a 4,042-yard total.

LAST MINUTES VICTORIES

The 49ers won at Detroit when John Brodie came off the bench and engineered two scoring drives in the final 2 minutes and 42 seconds—passing 19 yards to Billy Wilson for one score, then connecting with Owens as time ran out.

Conerly came in for the Giants in the final session, pitched to Kyle Rote who lateraled to Bob Schnelker for a 34-yard gain and on the next play connected with

ford and took over the top spot in the Eastern Division with a 3-0 record, a half-game in front of idle Cleveland.

Norm Van Brocklin, who earlier hit Pete Retzlaff with a pair of touchdown tosses, flipped an 11-yarder to Tommy McDonald in the fourth period for the Eagles clincher against the Cards.

Ralph Guglielmi took over at quarterback for the Redskins, passed for one touchdown and set up two of Bob Khayat's four field goals in a passing duel with the Cowboys Eddie LeBaron.

HON GKONG (AP) — Typhoon Kit roared slowly across the South China Sea toward the Red Chinese island of Hainan today, leaving more than 100 persons dead and another 100 missing in the central Philippines.

Earlier reports had said the storm, with 92-mile center winds, was heading for this British colony. But the Royal Observatory later relocated Kit 240 miles south of Hong Kong and said it should miss Hong Kong and slam into Hainan, some 300 miles to the west, Tuesday.

## Fear Of Revolt Strikes Castro's Commy Regime

By ROBERT BERGELEZ  
HAVANA (AP)—Fear is fast replacing the joy that accompanied Fidel Castro's sweep to power nearly two years ago.

By various means, the revolutionary regime is exploiting this fear to help solidify its position. This suggests to observers here that the government itself may have doubts about the depth of its support.

Fear is nothing new to Cubans. It was felt during Fulgencio Batista's dictatorship. Now it is beginning to show again among the usually carefree Cubans. The label "counterrevolutionary," ugliest in revolutionary language, is easy to come by. It can mean prison and even death.

### HAS JANGLED NERVES

Castro jangled nerves recently when he announced "revolutionary" passes would be organized block-by-block to root out conspirators.

Some months previously he had called on the citizenry to inform on unpatriotic neighbors. These informers were officially christened "civic-minded citizens." In Batista's time, Castro's underground followers referred with loathing to informers as "chivatos," freely translated to "bleat-

ing goats." After Castro took over, many of these chivatos were imprisoned, some executed. The restoration of military tribunals has been a grim element in the use of fear as a deterrent to Castro's opponents. The tribunals in 1959 sent more than 500 persons to firing squad deaths after swift trials.

### UNDERCOVER AGENTS

Cubans claim the government has a veritable army of undercover agents and unsalaried informers, male and female, eavesdropping in bars, restaurants, theaters, hotel lobbies and even in taxis, buses and churches.

People in public places stop speaking the instant you walk near them if they don't know you. They eye you carefully. Many speak in whispers, glancing over their shoulders.

"One just doesn't know who to trust," a young Cuban stenographer said.

## TREND TOWARD LOW 'FAT MILK' IS PICKING UP

By RICHARD L. GRAVES

HARRISBURG (AP)—The trend toward marketing of low butterfat milk at lower retail prices is picking up momentum. The Milk Control Commission has called a hearing Oct. 17 in Chambersburg to take testimony to back up an order allowing sale of low butterfat milk in the Harrisburg region.

In Pennsylvania the trend for low butterfat milk began in the Pittsburgh milk marketing region—covering most of western Pennsylvania—when the commission authorized sale of the product.

### 2 PER CENT BUTTERFAT

In Pittsburgh the product contains an advertised 2 per cent butterfat. It is regular milk with a lower butterfat content and some vitamins added.

Under the state's milk laws class 1 milk—the drinking variety—must contain at least 3 1/2 per cent butterfat. Legally anything less than that percentage cannot be advertised or sold as "milk."

Consequently, the commission

authorized sale of the low-fat milk as "low fat milk product" and set prices for it.

### A LEGAL QUESTION

There is still a legal question whether the commission has any jurisdiction over any product which does not meet the 3 1/2 per cent limit set in the law for milk. The same law also labels milk with less than 1/2 per cent butterfat as "skim milk." The jurisdictional question involves products with butterfat contents between 2 and 3 1/4 per cent.

However, the milk dealers apparently have agreed to the commission's authority to set prices on the low-fat product.

Producers have registered some protests against authorization of the low-fat product on grounds it will reduce their income. Milk commission producer prices are based principally on butterfat content of the milk sold.

### NO FIGURES YET

But the dealers countered that argument during the Pittsburgh hearings by contending that consumption would be boosted to a degree that would more than offset the lower unit payments to producers.

So far there have been no figures reported from Pittsburgh dealers handling the low-fat product to indicate whether per capita consumption has increased as a result of the new product.

Some milk economists have not-

## RECORD TALK SELLING WELL AMONG DISCS

By BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (AP)—The record industry, which began with

ed that the retail price for the low butterfat product is some 10 per cent below the price for regular class 1 milk, though the butterfat reduction has been by more than 30 per cent.

### UP TO CONSUMER

The retailers of the product point out, however, that butterfat content is not the only factor determining the price of milk since total solids are taken into account, costs of packaging, advertising promotion and so on, especially for a new product.

Producers don't see it that way. They contend that consumption will have to be boosted by an amount equivalent to the reduction of butterfat content in the new product for them to break even.

The ultimate decision will rest with the consumer. Large-scale acceptance of the new product would have a broad effect on the producer.

talk—Thomas A. Edison's "Mary Had a Little Lamb"—is going back to it.

Just about the hottest album in the country these days is something called "Button Down Mind." It contains no singing strings, no folk ballads nor rock tunes, not even a sound of music. Just talk.

The talk consists of some wacky monologues by comic Bob Newhart, in such guises as a submarine skipper mildly chastising the crew for shelling Miami Beach. Newhart is the latest and most successful of the new comics in the record field.

### MORT SAHL PIONEERED

Talk records aren't new, of course. Many Americans remember Moran and Mack, the two black crows. They were the rare exceptions in a medium that was devoted almost entirely to music.

The pioneer was Mort Sahl, whose staccato attack on political follies appealed to a rebellious generation. He has been a steady seller in albums.

Striking a broader audience was Shelly Berman, whose "inside" and "outside" albums have been No. 1 on the best-seller list. He delivers skits on such mundane matters as hangovers and children who babble on the telephone.

### MYSTERY TO SOME

Why do folks buy the talk albums? It's a mystery to some. After all, how many times can you listen to the same jokes?

Elements that seem to favor the talk albums are these:

1. The rising intelligentsia. There is a growing mass of intellectuals who want their humor sharp and incisive and won't submit to the mediocrity of TV and other media.
2. Entertainment at home. With the continuing trend for Americans to stay home instead of seeking entertainment outside, the albums provide a floor show.
3. Joy of discovery. Note that all of the top sellers are new personalities. Record buyers can have

the thrill of discovering the freshest approaches to comedy and introducing them to their friends.

# ELECTRONIC DATA MACHINE IS PROBLEM

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—Business executives studying electronic data processing have an added problem of late.

The rapid growth in the number of companies making the computers—and an equally big spurt in the available kinds of machines, giant or small or in between.

Many of them are specialized for particular jobs, different sized companies, or specific industry or individual company problems.

## MACHINES ON DISPLAY

To furnish a guide for electronic data processing itself and the machines tailored to individual company needs, a computer display area is to be set aside at the National Business Show opening October 24 in the New York Coliseum.

Called the CompuCenter, it will enclose in a compact unit some \$2.5 million worth of computers ranging from the relatively small to the large scale system.

The display will be shared by six manufacturers. A spokesman for the show admits this is but a handful of those now in the field, but the official insists the six have a wide enough range of products in the field to give most business executives a basic insight into

## data processing. EDUCATE VISITOR

The six are: Bendix, Control Data Corp., Friden, Monroe, Philco and Remington Rand.

The range in computer sizes, besides educating the visitor, is aimed at showing that electronic data processing isn't confined to use by giant corporations but is efficiently available to smaller organizations.

When he has mulled the intricacies of such processing and the tools thereof, the business executive can see office equipment needed for the feeding and care of these complicated machines.

And nearby will be the final touch of modern business life—a place where prospective customers may make immediate lease arrangements for any of the equipment through Standard Financial Corp.

## NEED OTHER HELP

After which the prospect might go to an employment agency because it takes human brains to run the electronic giants, once commonly and inexact called brains themselves. And the employees will use a lot of other business equipment. As the show spokesman put it in an interview: "It's still the typewriters, adding machines, calculators that provide and prepare the raw data for the high speed computer."

"Once the electronic computer processes the data its findings must be distributed quickly—meaning copying and duplicating equipment, collators, sorters, various mailing equipment."

# PROBLEMS AT HOME CITED BY GOVERNOR

PITTSBURGH (AP)—Gov. Lawrence says the United States will gain nothing from space exploration "if we have lost our love for our neighbors and have betrayed our children's love."

Speaking to the Pittsburgh Sons of Columbus Sunday night, Lawrence said that space exploration and world peace are among this nation's greatest challenges.

"But it is equally true," he said, "that there are classrooms to be built in our backyards, there are dams to be built to conserve water and make power, there are crops to be planted and food to be harvested."

"It is equally true that there are crumbling cities to be rebuilt, slums to be destroyed, homes to be made for older people who do not have them, industries to be re-evaluated and workers to be re-employed."

"These are the areas in which many of our challenges in this decade—and in this century—must lie. For we shall gain nothing from the universe if we have lost our love for our neighbors and have betrayed our children's love."

# BASEBALL IN LIMELIGHT ON WEEKEND TV

By CYNTHIA LOWRY  
AP-TV Radio Writer  
NEW YORK (AP)—The World Series games were without doubt the most popular events of the television weekend. NBC seemed to be doing an adequate job of reporting baseball.

It was in color, too, but as far as I can judge, about the only thing the color adds to regular black and white TV is a reminder that baseball is played on a grass diamond.

Phil Silvers and Polly Bergen, a talented pair, put on a 60-minute show Saturday night on CBS which was amusing, bright and tuneful. Comedian Silvers proved himself to be a man with an engaging way with song lyrics, and singer Bergen turns out to have a flare for comedy.

LIKE THE OLD DAYS — The sketches, with one exception, were off the beaten TV track. Unfortunately, one about an insanely jealous husband was very much like a sketch a week ago in "Hooray for Love" by Art Carney and Alice Ghostley.

But there was a nice satire on the success theme about an ambitious plumber and an amusing number showing the home life of a department store window dresser.

Jackie Gleason returned to the home screen in a CBS special Sunday night. Occasionally, it was sort of like the old days—there was a nostalgic reunion between Jackie and Art Carney.

## HAD TO MAKE CHOICE

Jackie did a bartender monologue and turned up as Reggie Van Gleason—but it wasn't the same. He seemed sort of dignified, for one thing, and the whole show lacked exuberance.

Shirley Temple's adaptation, "Tom and Huck," from Mark

Andrew S. Hutton, Philadelphia; and Roy Frank, Oil City, each one-year terms.

Twain's books looked like a combination of "Riverboat" and an "Our Gang Comedy." That's not a good combination.

NBC and CBS forced the viewers to sit down and be counted. At exactly the same hour—6:30 p.m.—Sunday, CBS had a panel interviewing Henry Cabot Lodge and NBC had a panel interviewing Lyndon B. Johnson. It would be interesting to know how viewers made their choices.

# PUC TO DECIDE ON BELL TODAY

HARRISBURG (AP)—The Public Utility Commission faces a decision of whether to go ahead with a full-scale investigation of earnings by the Bell Telephone Co.

Chairman Leon Schwartz said the commission probably would consider the matter during the day but declined to say whether he expected any final decision on a probe.

Bell left the next move up to the PUC by refusing to lower its rates voluntarily as ordered by the commission. The company's position was made known over the weekend by Schwartz.

## NO COMMENT

Bell officials declined comment. The commission last month gave the utility 30 days to submit a lower rate schedule or face the prospect of public hearings and a PUC investigation.

Bell serves 2,577,000 subscribers across the state.

The commission made no specific rate reduction proposal to Bell last month. It said its initial study showed Bell was earning about 6.2 per cent return of the fair value of its holdings, compared to a 5.9 per cent return authorized in 1956 when the company sought its last rate increase.

switching their tails.  
The price of success: "There is plenty of room at the top," says Rosina Pagan, "but there is no room to sit down."  
How things are done: A management report found that of the 130 letters a day the average company president gets, here is what happens to them: 50 per cent never even reach his eye. He takes some kind of action on 35 (including throwing some into the wastebasket). And 15 per cent he passes on to others to handle as they decide.  
It was Alfred E. Smith who observed: "The American people never carry an umbrella. They prepare to walk in eternal sunshine."

**CELEBRITY ODDITIES**  
Civilization requires someone to be on duty at all times. Now 16 per cent of the nation's workers perform their chores between 9 at night and 6 in the morning.  
Celebrity oddities: Polly Bergen's full name is Polly Nellie Paulina Burgin Fields. Playwright Tennessee Williams has an ambition to be a successful songsmith: He has written the lyrics to three tunes, and is now a member of ASCAP.

**BOWLING FOR ALL**  
Bowling is getting to be one of the nation's more coeducational sports. The game now has 16 million men players and 11 million women fans.  
Nature lore: Can you name the only bird that walks upright like a man, and the only fish that swims upright? They are the penguin and the sea horse.

**MONEY IN STAMPS**  
A good reason: Michigan abolished capital punishment in 1846 after a prisoner, convicted and executed, later was proved to have been innocent.  
There's money in stamps. Inadvertently, a 24-cent stamp issued in 1918 was printed upside down. A corner block of four of these stamps is now valued at up to \$35,000.

**PRICE OF SUCCESS**

**Berlin (AP)** — A Kennedy-for-president rally will be held in West Berlin next week, spokesman for the Democratic candidate said today.  
John A. Ryan, overseas campaigner for Kennedy, arrived here Friday from Frankfurt to look for a hall in the American sector of the divided city.  
There are well over 5,000 potential U.S. voters in West Berlin, mostly members of the U.S. garrison and their families.  
**Boston (AP)**—Justin Bauman, 44, of Reading, Pa., died Friday City Hospital of injuries suffered Tuesday when an East-southwest plane crashed into Boston Harbor. It brought the death toll to 62.

**GOP Out To Raise Campaign Funds**  
HARRISBURG (AP)—Mrs. Ruth Glenn Pennell, vice chairman of the Republican State Committee, today was named state director of the GOP's "Let Freedom Ring" fund-raising campaign Oct. 24-30.  
Arthur T. McGonigle, GOP gubernatorial candidate in 1958, is the state chairman of the drive.  
Philip T. Sharples, state party finance chairman, said thousands of volunteers would ring doorbells to raise funds for 1960 election campaign expenses.  
Arkansas comes from a Quapaw Indian word meaning "downstream people."
